

# Lake Holcombe School District

## Chromebook Agreement Contract

Lake Holcombe School District has purchased Chromebooks for students to use at school and at home. When a device is checked out, the appropriate content will be on the device.

**In order to check out a Chromebook, the student and parent/guardian must agree to the following:**

- 1) I understand that I am completely responsible for the device while it is checked out.
- 2) I understand that the device should not be placed or stored in extreme temperatures.
- 3) I understand that I am not permitted to loan the Chromebook to anyone else.
- 4) I agree to return the Chromebook in the same condition in which it was checked out.
- 5) I have read and understand the Lake Holcombe Chromebook Policy.
- 6) I understand that if my Chromebook needs repair, I will be given a loaner device to use in school only and that I need to return it when the school day ends.
- 7) I understand I will bring my Chromebook charged and ready to use each day.
- 8) I understand that I am responsible financially for any damage to my Chromebook that requires repairs or replacement cost of \$279.00.

I have read and understood all terms of the Chromebook Agreement Contract.

I have discussed this contract with my child and will support the school in guiding my child in using the Chromebook at home as an educational tool.

I understand that I am responsible for monitoring and guiding my child's activity at home.
